

EMERGENCY CLASS POLICY

Purpose

This policy describes the circumstances when the College can issue Emergency class certificates.

Scope

The Emergency class of Certificates can be ordered by the government or by College Council. The following policy only makes reference to emergency circumstances declared by College Council or the Executive Committee.

Policy Statement

The College has a duty to regulate midwifery in the public interest and to assist with ensuring public safety. The College is one of the key players in safeguarding the supply of registered midwives in the event of emergencies.

Under paragraph 1 of subsection 14.1(1) of the revised Registration Regulation, the Government can request that the College begin issuing Emergency certificates of registration.

The Emergency class provision also delegates the same authority to Council, whereby it “must have determined, after taking into account all of the relevant circumstances that impact the ability of applicants to meet the ordinary registration requirements, that there are emergency circumstances, and that it is in the public interest that the College issue emergency certificates.” In accordance with section 12(1) of the RHPA, the Executive Committee can also make this determination.

Triggering Emergency Class

For the Council or Executive Committee to trigger the Emergency class under the proposed Registration Regulation, it must be satisfied that *all the following criteria* be met:

1. There must be a current or imminent threat to provide supply of qualified midwives to service the needs of the public.
2. The public and/or the healthcare system is negatively impacted by these circumstances.
3. Immediate action is required to remedy the circumstances.
4. With the guidance of the Registration Committee, the Council or Executive Committee must be satisfied that all possible solutions have been exhausted and issuing certificates under the Emergency class is the best solution under the circumstances.
5. It would be in the public interest to trigger the Emergency class of certificate.

The Council or Executive Committee must be satisfied that these criteria are met before determining that “it is in the public interest to register midwives in the Emergency class to address emergency circumstances” as stipulated in the proposed Registration Regulation.

The College must take appropriate measure to inform the public of the emergency circumstances.

Continuous assessment

Once the Emergency class is in force, the Registration Committee will monitor the situation and provide regular updates to Council. An assessment of the emergency circumstances will be made at each Council or Executive Committee meeting, whichever event occurs first, while the Emergency class is in effect.

Resolving an emergency

If it is determined that the criteria set out above can no longer be met, the Registration Committee will recommend that the Council or Executive Committee pass a motion to direct the College to cease issuing Emergency certificates of registration.

Pursuant to paragraph 4 of subsection 14.3 (1), all Emergency certificates of registration will be revoked 90 days after Council’s determination that the emergency circumstances have ended.
